ProPak Asia: Beyond an Exhibition - A Thriving Hub for Innovation and Professionals

ProPak Asia is more than just an annual exhibition; it's a thriving community for processing and packaging professionals. Every year, it brings together exhibitors and visitors to network, share ideas, and discover the latest innovations. Leading companies from around the world showcase cutting-edge technologies that address the entire value chain across various industries, including food & beverage, agriculture, dairy, confectionary, personal care, cosmetics, pharmaceuticals, manufacturing, FMCG, petfood and many more.

Sustainable Excellence in Processing and Packaging towards Carbon Neutrality

ProPak Asia attracts a global audience of industry professionals and potential buyers. These attendees, representing startups, SMEs, local businesses, and established enterprises, come seeking solutions to enhance their businesses and achieve sustainable success in today's market. Don't miss out! ProPak Asia is the must-attend event to connect with the industry, discover innovative solutions, and propel your business forward.

Voices from Industry Leaders

"ProPak Asia is an outstanding exhibition for our country. I wholeheartedly encourage everyone to attend ProPak Asia to discover the latest innovations, technologies, and equipment in processing and packaging, which can greatly benefit your businesses and industries."

Ma. Cristina A. Roque

Undersecretary Micro, Small and Medium Enterprise Development Group
The Department of Trade and Industry, Philippines

"ProPak Asia is the largest event for food processing manufacturing. I invite everyone to attend and explore the vast array of technologies on display, including innovations from Columbit and many other cutting-edge advancements from around the world."

Mr. Nalathip Kesariri

General Manager
Columbit Thailand PTY Limited

"PMMI is the leading association for packaging and processing technology. ProPak Asia stands out as a remarkable packaging show, covering key industries such as food, beverage, pharmaceuticals, personal care, and household chemicals. Our members find ProPak Asia exceptional because it addresses all their essential needs in the packaging industry."

Mr. Jorge Izquierdo

Vice President, Marketing Development
The Association for Packaging and Processing Technologies

"UCIMA, the Italian association of packaging machinery manufacturers, recognizes ProPak Asia as the premier event in Asia for processing and packaging. This vibrant show not only caters to the industry but also supports the growth of supply chains for food and beverages, pharmaceuticals, and cosmetics across Asia."

Mr. Gian Paolo Crasta

General Director
UCIMA

"Marel, a global leader in food processing, offers comprehensive processing lines backed by our expertise. ProPak Asia is an exceptional event, consistently growing larger and improving each year."

Mr. Christopher Omiecinski

Regional Director Sales, Meat Asia & Oceania
Marel Singapore Pte Ltd.

"We believe ProPak Asia significantly supports numerous industries, especially the packaging sector. It showcases not only machinery but also essential packaging materials. ProPak Asia effectively bridges the gap between industries, exhibitors, and users, fostering collaboration and innovation."

Dr. Pattra Maneesin

Secretary General
Asian Packaging Federation

"Fuji Packaging Machines, a subsidiary of Fuji Machinery, is a leading packing solutions company from Japan. This year's ProPak Asia has been excellent compared to previous years, as we achieved significant sales reach. If you're looking for food and packaging machinery, this is the event you must attend."

Mr. Kittisak Wangwarunyoo

Managing Director
Fuji Packaging Machines (Thailand) Co., Ltd.

"WPO, our organisation, unites packaging bodies from over 55 countries worldwide. Our mission includes promoting sustainable packaging for more sustainable consumption, positively impacting both society and the environment. Together with ProPak Asia, we are building a global stage to amplify the voice for packaging."

Luciana Pellegrino
