

ProPak Asia: Impactful Meaning for Sustainable Future

Running an exhibition "ProPak Asia" gives us lots of opportunities to improve our impacts environmentally, socially and economically in our region. We want to make our event more responsible and play a role in helping our markets improve its own sustainability through connecting people with the networks and knowledge they want to help solve the big challenges in our sector.

We do this not only because our partners & attendees tell us that they care that our events are run in a responsible manner, but because it is the right thing to do for our customers, colleagues, and the communities we serve.

ProPak Asia is considered a **sustainable event**, according to Thailand Sustainable Event Management Standard (TSEMS).

Inspiring Sustainable Development

Running an Environmentally Responsible Event

Running a Socially Responsible Event

As part of our commitment to reducing our event carbon impact, and our journey to Net Zero we are excited to announce that we have purchased **renewable electricity for over 90%** of our event.

Sustainability Partners: Connect the Communities

Company Name: CLPG PACKAGING INDUSTRIES SDN BHD

Booth No.: FY59

Product Name: CLPG initiatives include Rainwater Harvesting Project. CLPG launched an extensive rainwater harvesting project in November'2023.

This project involves the collection and storage of rainwater, subject to proper treatment, for utilization in our office and manufacturing operations.

We believe that by integrating ESG considerations into our operations, we can create long-term value for our stakeholders while contributing to a more sustainable future.

Therefore, it is with great pride that we inform you that CLPG has been honoured with ESG Pioneer Award -4) 2023(Start Rating) and Penang Green Office in Malaysia.
